

# Heather Bontrager

Software Engineer

## SUMMARY

Dental hygienist turned Software Engineer with a passion for coding, meticulous attention to detail, and strong communication skills developed through patient care. Skilled in website development, application creation, and problem-solving. Committed to continuous learning and growth in the ever-evolving field of software engineering, eager to leverage past experience and technical knowledge to excel in the role of a software engineer.

## WORK EXPERIENCE

### Software Engineer at 100devs, Los Angeles, CA

October 2022 — Present

- Worked alongside a group of developers to construct contemporary and adaptable web applications, employing industry-leading techniques.
- Developed full-stack web applications with well-organized and meaningful structures.
- Utilized agile methodologies like SCRUM for effective project management

#### Recent Projects:

**Eclate (Fullstack Web App)** – Cashier can take coffee orders from customers with their names. Baristas can login to the app and see orders that have been made, mark them as complete. Orders that have been completed will note which barista completed the order.

**Happy Notes (Fullstack Web App)** – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

#### 100Hours Project –

**Other Projects:** Local Brewery locator, On-demand background color changer for Partnered Twitch streamer, and many more

### Bontrager Consulting | Tampa, FL

October 2022 — Present

Created full stack web applications and static websites for different clients across small and medium size businesses.

**Elcate (Website)** - Responsive webpage for a local bakery business.

### Dental Hygienist | Tampa, FL

November 2013 — Presesnt

Detailed and customized patient care providing preventive dental prophylaxis, examinations, and patient education.
